From "Veterans" to "Boomers" to "X"ers to "Next"ers

Centerstone is the nation's largest not-for-profit provider of community-based behavioral healthcare, offering a full range of mental health services, substance abuse treatment and educational services in Indiana and Tennessee. In 2010, we served over 70,000 individuals and families. We seek to prevent and cure mental illness and addiction. Centerstone is a longstanding member of The American Re-EDucation Association (AREA). Centerstone is pleased to be hosting this year's conference.

The American Re-EDucation Association (AREA), established in 1982, helps child development and intervention professionals in their work with troubled and troubling children & youth and their families. AREA members are people just like you, dedicated to working with children who have emotional and/or behavioral problems, creating collaborative and supportive relationships with their families, and contributing to the development of a healthier, more effective ecology for each of them.
